Revision 68b2f287 - 21.11.2014 11:43 - Radegast

client: color escape in cvar completion and serverstatus cmd, refs #639

History

#1 - 20.11.2014 15:06 - Saukko

Oh and forgot to mention that this same is in Server info, both in server browser and in-game.

#2 - 21.11.2014 11:55 - Radegast

- Category changed from Client to Mod UI
- Priority changed from Normal to Low
- % Done changed from 0 to 60

Cvar completion and serverstatus command should now show coloured strings as expected, but the text you see in Server Info window is on the mod side, so we will be able to fix it for the Legacy mod, but not for others.
